Firma Profili

Geçgel Makine 1981 yılında takım tezgâhları üretmek üzere Konya'da kurulmuştur. 1981 yılından bugüne kadar, yaptığı Ar-Ge çalışmaları ve mühendislik bilgileri ile kendini sürekli geliştirmiş, sektörünün öncü firmalarından biri olmuştur.

Her geçen gün kendini yenileyen, daha kaliteli ürün ve ekipmanlar üreten, çok çeşitlilik esasına dayanan bir vizyona sahip olan firmamız Pazar taleplerini göz önünde bulundurarak 2005 yılında "GTS FREN" markası ile ağır ticari vasıtalar için fren ekipmanları üretmeye başlamıştır.

Bugün Konya Organize Sanayi Bölgesinde en yeni teknolojik ekipmanları ile 5200 m² kapalı 6000 m² açık alana sahip fabrikasında havalı ve diskli fren sistemleri için ekipmanlar üretmeye devam etmektedir.

Kendi bünyesinde dökümhanesi, soğuk haddanesi, en son teknoloji CNC tezgahları ve otomasyon hatları ile entegre bir üretime sahip olan Geçgel Makine kurulduğu günden bugüne sürekli gelişim anlayışından asla taviz vermemiş ve birçok alanda sektöründe takip edilen firma olmuştur. Her zaman müşteri memnuniyeti ve zamanında teslim odaklı çalışan firmamız sahip olduğu en son teknoloji kalite kontrol laboratuvarı ile kalite garantisini en üst düzeye çıkartmıştır.

Geçgel Makine, AR-GE yapısı ve mühendislik çalışmaları ile ticari araçların fren ekipmanlarında en üst düzeye ulaşmak için çalışmaktadır. Üretmiş olduğu ürünlerin %60'ını başta OEM ve OES firmaları olmak üzere 40'tan fazla ülkeye ihraç eden firmamız geniş pazarlama ağı ile sektördeki yerini her geçen gün sağlamlaştırmakta ve fren ekipmanlarında dünyanın önde gelen firmaları arasına girmeyi hedeflemektedir.

Company Profile

Geçgel Makine was founded in 1981 in Konya to manufacture machine tools. Since then, it has continuously developed itself and been open to innovations.

By the 2000's, considering the then conditions, it brought its knowledge and experience to the automotive industry, starting producing braking equipment under the brand name "GTS FREN" for heavy-goods commercial vehicles.

Today, it manufactures automatic and manual brake adjuster and brake caliper repair kits in its facility with an open area of 6,000 m² and a closed area of 5,200 m² located in the Konya 2nd Industrial Zone.

With its production integrated with a foundry, cold mill, state-of-the-art CNC benches and automation lines, Geçgel Makine has never sacrificed its sense of continuous development since the day it was founded and has been a leading company in many fields. Always operating for customers and prioritizing customer satisfaction, our company tests its products in its state-of-the-art quality control laboratory before receipt by customers and delivers them to customers with no problems.

Our company markets 40 percent of its products to government agencies, trailer and axle manufacturers and spare part market and exports 60 percent to over 40 countries.

Kalite Verimliliği / Quality Improvement
